### Optional Special Treat: Dinner with the Artist

Shortly following the conclusion of Saturday's demonstrations, participating attendees will reconvene for dinner at one of the area's quintessential restaurants famous for its seafood, but also offering a nice variety of non-seafood entrées. Enjoy the camaraderie of fellow turners, craftsmen, and collectors while in the company of one of today's foremost wood artists. The plan is for Participants to order and pay separately for their own food and beverages, but we need to know how many people to expect. Please indicate accordingly when you register. A map with directions to the restaurant will be available.

Accepting check or USPS Money Order payable to Bayou Woodturners. Mail payment along with this completed Registration Form to:
